- Various double side & single side foam, PU foam, EVA foam, Nitrile foam, EPDM, and other substrate available in die-cuts.
- As per specific design, drawing various types of die-cuts can be supplied.

### SURFACE PROTECTION TAPES

- Various types of surface protection tape are available for carpet protection, and plastic parts protection.
- Tapes are made of various materials like LD, LDPE, HD, and HDPE.
- 100% residue-free adhesive system.
- Save cost on finishing car at the dealer's end.
- Easy to remove, No residue while removing.

### TAPES FOR MIRROR APPLICATION & D/S TISSUE TAPES

Double side foam/cloth tapes for fixing of mirrors in the wing mirror. The wing mirror needs to maintain its functionality at all times & as a result, the adhesive tape system for bonding the mirror to the housing has to comply with very stringent performance criteria. A variety of products including tapes and die-cuts from the basket of Sunsui are recommended for Wing Mirror bonding application for the perfect choice of today's automotive industries. Thus, AFT tapes & PE Foam Tape are also available.

### Various types of D/S Foam tapes also available

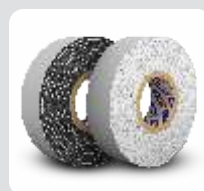

XLPE FOAM

PE FOAM

NITRILE FOAM

EVA FOAM

EPDM FOAM

## ECO-FRIENDLY PACKAGING TAPES

At AIPL we manufacture different eco friendly & regular BOPP packaging tapes.

- Paper Tapes with strong adhesion
- Guaranteed length & thickness
- Available customized printing

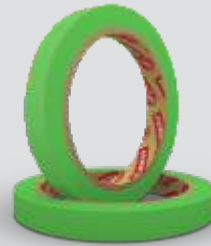

## ROLLER MASKER

AIPL roller masker is an effortless solution to mask/cover automotive parts and large painted areas in the bus body, to protect against paint/scratches or any other object. It is a multi-purpose masker tape with its application in painting, industrial, and automotive. Our product comes hassle-free, hand-tearable and cost effective.

## FINE LINE MASKING TAPE

AIPL Fine Line Masking Tape is a highly flexible, special masking tape backed by parrot green coloured PVC co-polymer coated with rubber adhesive which features excellent flexibility during application.
